

Addendum #1

Date: October 9, 2024

Project Number: 2024-1759

Project Name: Town of Cambridge City Fire Station Park

This addendum is being issued prior to the date for receiving bids.

The modifications, additional data and specifications included herein shall be incorporated into the Project Manual for the above-mentioned project. All other provisions of the Drawings and Specifications shall remain unchanged.

This addendum is issued in accordance with the provisions of Information for Bidders section of the Project Manual. All bids shall be based upon work as modified by this Addendum or Prior Addenda.

Acknowledge receipt of this Addendum on the Bid Form. Failure to do so may subject the bidder to disqualification. This addendum forms a part of the Contract Documents.

GENERAL COMMENTS & CLARIFICATION

Item #1:	Kleinpeter Consulting Group LLC is the grant administrator for the project. Please add Justin Kleinpeter as a contact for contracting requirements and questions. Justin Kleinpeter, <a href="mailto:justin@kleinpeterconsulting.com">justin@kleinpeterconsulting.com</a> , 812-530-6682. Please refer to the Pre-Bid Conference Guide provided by the Indiana Office of Community and Rural Affairs (OCRA) for specific state and federal requirements. The guide will be included with Addendum 1.
Item #2:	See Pre-Bid Meeting Agenda and Sign-In Sheet attached to Addendum 1 for reference.
Item #3:	Please note that “asphalt” is referenced under Section C - Scope of Work of the Pre-Bid Meeting Agenda. Asphalt work is limited to patching along curb lines.
Item #4:	Please note a gas line is present parallel to Green Street within the park property. It is not indicated on the topographic and boundary survey, but above-grade markers indicate its location on-site. The utility is believed to be located beneath the area of proposed concrete parking. The elevation of the utility is believed to be deep and no relocation is anticipated. The contractor will need to field verify location during construction.

PHONE, EMAIL, AND PRE-BID MEETING QUESTIONS & ANSWERS

Question #1:	Should the contractor assume restoration of lawn where the construction entrance occurs?
Answer #1:	Yes, the contractor should assume restoration of lawn where it is damaged by construction. The exact location of the construction entrance drive can be flexible depending on the alternates that are selected. It can be sited in a location of proposed pavements if preferred.
Question #2:	Is all of the existing lawn to be grubbed and removed as indicated on the demolition plan?

**Answer #2:** No, this will be addressed in Addendum 1. A base bid demolition plan and an alternate demolition plan will be provided. The intent is only to grub and remove lawn impacted by proposed improvements and construction in the base bid. Similarly, asphalt need not be removed and/or patched if there are no improvements impacting it.

**Question #3:** The Long Board metal soffit product specified on G002 - Project General Notes, Abbreviations and Symbols is a Canadian product and the project requirements note Buy America Build America (BABA) requirements. Is there an alternate soffit product that is acceptable.

**Answer #3:** The grant administrator has confirmed that BABA does not apply to this project. The Long Board product can be provided. That said, an alternate acceptable product would be Alumarch, Knotwood, [www.alumarch.com](http://www.alumarch.com).

**Question #4:** The soffit product is available in solid colors or wood grain. There is a significant cost difference based on the finish. Can you confirm whether or not the project will require solid color or wood grain?

**Answer #4:** As noted on G002 - Project General Notes, Abbreviations and Symbols, Specifications, 3. Metal Soffit, the soffit shall be the wood grain pattern.

**Question #5:** When is the project scheduled to be complete?

**Answer #5:** The substantial completion date required by the specifications is May 16, 2025. The goal is to have the project completion prior to Memorial Day 2025.

**Question #6:** If there is any excess cut from earthwork operations, would the Town like to maintain it?

**Answer #6:** If excess, clean fill exists, the Town can provide a location within the corporate limits for disposal at no cost. The contractor should assume trucking the material to the specified location.

**Question #7:** In the structure on page A101, there are (2) approx. 45 foot HSS18X10X3/8, this project is "Buy America" and I'm being told that this must be a foreign size. Is it possible to substitute another size such as 20X8X3/8 or 20X12X3/8 or 18x6x3/8?

**Answer #7:** It has been confirmed that Buy America, Build America requirements will not be enforced on this project. The originally specified size can be provided, however, HSS16x10x5/8 would also be acceptable and would accommodate the specified post-to-beam connection. The substitution sizes noted within the question are not acceptable.

**Question #8:** The pavilion decking is noted as Vulcraft, is New Millenium an acceptable substitute of like deck?

**Answer #8:** The deck manufacturer substitution is acceptable. The same deck type will be required.

**Question #9:** We don't see the 'T1' light noted on the Light Fixture Schedule on sheet E600, can you please clarify?

**Answer #9:** There are two type 'S2' lights noted in the electrical schedule. The lower 'S2' should actually be labeled as 'T1.' Sheet E600 - Electrical Riser Diagram and Schedules will be reissued in Addendum 1 and will address the issue.

#### REVISIONS TO THE SPECIFICATIONS

**Item #1:** 00 4150 - Bid Form Supplements  
**DELETE** existing specification section 00 4150 - Bid Form Supplements and **INSERT** attached revised specification section 00 4150 - Bid Form Supplements.

**Item #2:** Appendix A - Wage Determination  
**DELETE** existing specification section Appendix A - Wage Determination and **INSERT** attached revised specification section Appendix A - Wage Determination.

#### REVISIONS TO THE DRAWINGS

Item #1:	G100 - Cover <b><u>DELETE</u></b> existing sheet G100 - Cover and <b><u>INSERT</u></b> attached revised sheet G100 - Cover.
Item #2:	D100 - Site Demolition Plan <b><u>DELETE</u></b> existing sheet D100 - Site Demolition Plan and <b><u>INSERT</u></b> attached revised sheet D100 - Site Demolition Plan.
Item #3:	D100A - Site Demolition Plan (Alternates) <b><u>INSERT</u></b> attached new sheet D100A - Site Demolition Plan (Alternates).
Item #4:	E600 - Electrical Riser Diagram and Schedules <b><u>DELETE</u></b> existing sheet E600 - Electrical Riser Diagram and Schedules and <b><u>INSERT</u></b> attached revised sheet E600 - Electrical Riser Diagram and Schedules.

#### ATTACHMENTS

END OF ADDENDUM #1

# **Pre-Bid Conference Guide**

For Construction Projects  
funded wholly or partially by the  
Community Development Block Grant  
Program.

Grant Services Division  
One North Capitol, Suite 600  
Indianapolis, Indiana 46204

800-824-2476

Revised November 2023

# PRE-BID CONFERENCE GUIDE

## GENERAL INFORMATION

- The Grantee must receive a “Release of Funds” letter from OCRA before awarding any construction contracts.
- Prior to contract award, prime contractors must be actively registered in SAM.gov. Alternatively, provide documentation from SAM.gov that registration has been initiated. A copy of the applicable wage decision and the Federal Labor Standards Provisions (HUD-4010) must be physically attached to the contract that the grantee signs with the Prime contractor. The HUD-4010 must be included with all subcontractor contracts.
- The principal contractor (prime or general contractor) is responsible for the full compliance of all employers (the contractor, subcontractors, and any lower-tier subcontractors) with labor standards provisions applicable to the project. If the contractor or any subcontractor fails to comply with all applicable regulations, funds shall be withheld from the prime contractor until all requirements have been met.
- The Build America Buy America Act applies to all infrastructure projects. Under the Buy America Preference, the selected contractor is responsible to procure iron and steel, construction and manufacture materials produced in the United States.
- This project is subject to all federal and state laws, regulations and guidelines pertaining to public works projects in Indiana.

## LABOR STANDARDS

1. The grantee may not enter into a contract with any contractor or subcontractor that has been debarred, suspended or is otherwise ineligible to participate in federally funded contracts or programs. The Grant Administrator must verify the eligibility status of all contractors before work is performed on this project. Any contract awarded to a prime contractor or subcontractor that is found to be ineligible for award will be terminated immediately. *HUD Handbook 1344.1 REV-3, (Ch. 5-5).*

Workers must receive hourly fringe benefits and/or a cash equivalent for all hours worked, including overtime. For workers that perform work in excess of 40 hours, all contractors and subcontractors must pay workers time and one half of the base wage rates listed on the wage decision for all hours worked over 40. Fringe benefits are to be paid straight time.

2. The Copeland Anti-Kickback Act makes it a Federal crime for contractors and subcontractors to coerce or intimidate any laborer or mechanic to relinquish or give up or pay back any of their wages earned on this project. This Act also requires the submission of weekly certified payroll reports (CPR) and signed statements of compliance and regulated permissible payroll deductions (Contractors Guide to Prevailing Wage Requirements, Section 1-1).
3. Payroll records must be kept for at least three years after grant closeout.
4. Payments made by a contractor to an employee must be verifiable. Payments may not be made with an I.O.U., equipment, or any other form of barter.
5. All contractors and subcontractors must submit signed weekly certified payroll reports (CPR) to the Grantee through the Grant Administrator within seven days after regular payment date of the payroll period. Certified payroll reports will be labeled with “initial” and “final” as appropriate. Best practice: label each certified payroll report in succession.
6. No contractor or subcontractor shall employ workers on this project under the age of 16.
7. Contractors and subcontractors are not permitted to make payroll deductions which are contrary to state and federal law.

## DAVIS-BACON REQUIREMENTS

### Wages/Worker Classifications

All contractors and subcontractors must pay their workers no less than the hourly wages listed on federal wage determination for each classification of work performed on this project. In addition, if the applicable wage determination contains an hourly fringe benefit amount, the worker must receive benefits equal to that amount or a cash equivalent. All workers must be paid, in full, at least once a week. These requirements apply to salaried workers employed on this project engaged in physical or manual construction labor. It is the responsibility of the general contractor to clearly communicate all labor standards and Davis-Bacon requirements to all subcontractors employed on this project. All workers must be paid at an hourly rate for the type of work performed.

Only the classifications listed in the applicable wage determination or apprentices may be used on this project. Helpers or trainees may not perform work or services on this project. Laborers are not permitted to perform any skilled work which falls under the classification of another trade. For example, a laborer may not perform any electrical, carpentry, plumbing, sheet metal, etc. work on this project. If an employee performs more than one classification per week on this project, that employee should be listed twice showing the division of work on separate lines of the payroll.

All contractors and subcontractors having questions regarding the classification of workers shall direct their inquiries to the Grant Administrator.

### Fringe Benefits

Contractors and subcontractors must submit documentation to the Grantee through the Grant Administrator to verify the type and the amounts paid into a bona fide fringe benefit program. The following are examples of bona fide fringe benefit plans:

- 1) Health, life, dental, vision or other similar insurance premiums paid by the employer;
- 2) Pension or retirement contributions *made by the employer* into a plan recognized by the Internal Revenue Service;
- 3) Expenses of certain recognized training programs;
- 4) Vacation and holiday pay may be considered as long as the employee would receive any unused amounts at termination of employment.

NOTE: Payroll deductions required by law (e.g., social security, worker's compensation, unemployment insurance, Federal/State/Local taxes, etc.) are not considered fringe benefits under Davis-Bacon law.

The following are NOT eligible bona fide fringe benefits:

- 1) Travel time;
- 2) Bonus payments;
- 3) Use of company tools or equipment;
- 4) Use of company vehicle;
- 5) Uniforms or safety shoes
- 6) Union Dues; Contributions into industry campaigns, marketing or advancement;
- 7) Substance Abuse Testing/Training programs

Independent subcontractors and self-employed owners are considered to be subcontractors of the Prime contractor. They are subject to the same requirements as are all subcontractors. Independent subcontractors and self-employed owners must submit a Certified Payroll Report or be listed on another contractors' weekly payroll following the documentation guidelines as referenced by DOL, WHD-347.

If the contractor or its subcontractors do not pay the proper hourly rate and fringe benefit on this project, the grantee shall withhold a necessary amount from the prime contractor until restitution is made. The prime contractor may be held liable for liquidated damages if its workers or those of subcontractors on this project are not paid the proper hourly wage and benefit.

## **Apprentices**

Contractors and subcontractors may use and classify workers on this project as apprentices provided that the workers are duly registered and certified in a bona fide apprenticeship program recognized by the U.S. Department of Labor, Bureau of Apprenticeship and Training or State Approved Apprenticeship Program. If a contractor or subcontractor intends to utilize apprentices on this project, they must provide documentation to the Grant Administrator to verify the certification of the employee in an approved Apprenticeship Program. Certification must be provided before the apprentice is permitted to work on the job site. Contractors and subcontractors may not exceed the ratio of apprentices to journeymen as established by the apprenticeship program. Apprentices performing work on project site without proper ratio for supervision will be compensated at full journeymen wage complying with the Davis-Bacon Prevailing Wage classification. Contractors must also provide wage and fringe information for various levels of apprenticeship.

## **On-site Interviews**

The Grant Administrator, a representative from the U. S. Department of Labor, a representative of the U. S. Department of Housing and Urban Development and a representative of OCRA shall be permitted to visit the job site and interview workers employed on this project. A Record of Employee Interviews must be maintained in the project file. Employee interviews are to be conducted in person any deviation will require written approval from OCRA or Grant Services per project.

## **SECTION 3**

Section 3 of the Housing and Urban Development Act of 1968 provides that to the greatest extent feasible, contractors and subcontractors should make training and employment opportunities available to Section 3 Residents and Businesses when creating new positions to work on federally assisted projects. "Greatest Extent Feasible" means that contractors must make every effort to recruit, target and direct economic opportunities to Section 3 residents and businesses.

Section 3 residents include Low and Very Low-Income level persons. HUD sets the low-income limit at 80% and very low-income limit at 50% of the median family income for counties and metropolitan areas across the country. A Section 3 Business is one that is owned by Section 3 residents, employs Section 3 residents or subcontracts with businesses that provide opportunities to low and very low-income persons.

Prior to start of construction, the Civil Rights/Section 3 Officer must place Section 3 Posters, providing the type and location of the project, and contact information where Section 3 residents and businesses may request additional information regarding Section 3 opportunities at the nearest Work One Office, (find location and contact person at [www.in.gov/dwd/WorkOne/](http://www.in.gov/dwd/WorkOne/)). The 11 x 14 Posters may be sent to Work One via electronic mail if desired. Posters should also be placed in local government offices, Post Office, Library, public housing developments or such other public place that Section 3 residents may have the opportunity to observe the Posters.

The Civil Rights/Section 3 Officer must maintain a list of names and contact information of persons who express an interest in obtaining employment or subcontracts under Section 3 guidelines and provide that information to the prime contractor or any subcontractors working on the federally assisted project as jobs, training or subcontracting opportunities become available.

The prime contractor and any known subcontractors subject to Section 3 must provide a list of current employees to the Civil Rights/Section 3 Officer at the Pre-construction Conference. When the work called for in their contract is complete, each of these contractors and subcontractors are required to submit a Section 3 Compliance Report together with a list of employees at completion of their contract. The beginning list and ending list will be used to determine whether any new employees were hired during the performance of their contract.

The prime contractor and any subcontractors who work on the project must place the appropriate job vacancy on Indiana Career Connect (ICC) at [www.indianacareerconnect.com/](http://www.indianacareerconnect.com/). In addition, all contractors and subcontractors will search ICC for candidates that meet the requirements of the position and contact the appropriate regional Work One contact person to coordinate with the regional provider to help fill open positions. When the vacant position is filled, it is the responsibility of the Civil Rights/Section 3 Officer and/or the contractor or subcontractor

to advise Indiana Career Connect that the position is no longer available. Contractors are required to give first consideration to any Section 3 residents or Businesses for new positions, training, or subcontracting opportunities. Section 3 residents or businesses are not guaranteed employment or contracting opportunities under Section 3. Section 3 residents must demonstrate that they meet the qualifications for new employment opportunities created as a result of the federally assisted project. Section 3 business concerns must submit evidence to the satisfaction of the party awarding the contract to demonstrate that they are responsible firms and have the ability to perform successfully under the terms and conditions of the proposed contract.

In all instances where new positions are being created, the contractor must document the results of any Section 3 residents contacted regarding the position and the results of that contact. To ensure compliance with this federal regulation, all contractors and subcontractors (whose contract amount exceeds \$100,000) must complete a Section 3 Compliance Report when work on the project called for in their contract is complete. Any documentation regarding contacts or consideration of Section 3 applicants must be maintained by the contractor and provided to the Civil Rights/Section 3 Officer with the Compliance Report.

### **BUY AMERICA PREFERENCE**

The Build America Buy America Act provides, to the greatest extent possible, for early coordination with engineers/architects to incorporate products that meet Buy America Preference in the design phase of infrastructure projects.

All contractors who receive federal financial assistance for an infrastructure project which includes construction, alterations, or repairs are subject to the BABA unless a waiver is in place. The Buy America Preference (BAP) requires the use of iron and steel, construction materials and manufactured goods produced in the United States.

Bidders must provide cost estimates based on the most current American made products available. It is the responsibility of the grantee to ensure that BABA requirements are included in bid advertisements. *Form 17: Sample Invitation for Bid Publication* has been updated to reflect Buy America Preference requirements. The Buy America Preference must be included in all subawards, contracts, and purchase orders for the work performed, or products supplied under an OCRA award.

### **OTHER FEDERAL REQUIREMENTS**

Title VI of the Civil Rights Act of 1964 states that no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Title VII of the Civil Rights Act of 1964 prohibits discrimination in hiring, promotion and other employment practices on the basis of race, color, religion, sex, or national origin.

Section 109 of the Housing and Urban Development Act of 1974 prohibits discrimination on the basis of race, color, national origin, disability, age, religion and sex within Community Development Block Grant programs or activities.

Title III of the Americans with Disabilities Act prohibits discrimination based on "disability" by requiring that places of public accommodation be readily accessible to and useable by persons with disabilities.

The Architectural Barriers Act of 1968 requires that a project meet at least the minimum requirements of accessibility. A Certificate of Accessibility must be provided to the Grantee with a copy to OCRA on or before the completion of the project.

Section 504 of the Rehabilitation Act of 1974 states that a contractor or subcontractor may not discriminate against an otherwise qualified individual from participating in or enjoying the benefits of this project as a result of a physical handicap.

Executive Order 11063 provides that no person on the basis of race, color, religion, sex, or national origin, shall be discriminated against in federal housing assistance, including lending assistance.

Executive Order 11246 as amended by Executive Order 11375 provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in any phase of employment on federally assisted construction contracts.

All contractors and subcontractors **awarded a federal contract or subcontract in excess of \$50,000.00 and having more than 50 employees** must have an Affirmative Action Plan established in writing and on file in its place of business. Failure to have an Affirmative Action Program may result in sanctions established under section 209(a) of Executive Order 11246. This regulation is enforced by the Office of Federal Construction Contract Compliance, and additional information may be found at [www.dol.gov/ofccp](http://www.dol.gov/ofccp) or at 1-800-397-6251. The Indiana office is located at 46 East Ohio Street, Suite 419, Indianapolis, Indiana 46204 and phone number is 317-226-5680.

Other laws enforced by the U. S. Equal Employment Opportunity Commission (EEOC) may be found at [www.eeoc.gov/policy/laws.html](http://www.eeoc.gov/policy/laws.html).

#### **OTHER RESPONSIBILITIES WHEN PARTICIPATING IN A FEDERALLY FUNDED PROJECT**

- A) The State of Indiana has established a Minority/ Women Owned Business Enterprise goal of 10% and Veteran Owned Small Business goal of 3% of the grant amount. Documentation of reasonable efforts to meet this goal must be maintained in the grantee's project files.
- B) The contractor must display the following posters on the project job site in a location assessable to all employees. Posters may be obtained from the Grant Administrator.
  - Equal Employment Opportunity is The Law
  - Fair Housing Poster
  - Safety and Health Protection on the Job
  - Notice to All Employees working on Federally Financed Construction Projects
  - Employee Polygraph Protection Act
- C) A copy of the applicable wage decision assigned to the project must also be posted at the job site.

# RUNDELL ERNSTBERGER ASSOCIATES

## Meeting Agenda

**Meeting Date:** October 4, 2024  
**Meeting Time:** 11:00 am  
**Meeting Location:** City Building, 127 N. Foote St., Cambridge City, IN 47327  
**Project Name:** Fire Station Park

### Items of Discussion: Pre-bid Meeting

#### A. Project Description

1. Project Name: Fire Station Park
2. Location: 127 W. Maple St., Cambridge City, IN 47327

#### B. Introductions

1. Owner: Town of Cambridge City
  - a. Owner's Representative: Jim McLane, Town Council President
2. Design Consultant: Rundell Ernstberger Associates (REA)
  - a. Cecil Penland, PLA - Project Manager | p: 317.263.0127 e: cpenland@reasite.com
3. Other consultants: Champlin Architecture, The Engineering Collaborative (TEC), Electrical Design

#### C. Scope of Work

The Work of this Project is defined by the Contract Documents and includes, but is not limited to, Construction of park improvements to include: selective demolition of existing pavements; site excavation and grading; construction of new concrete, asphalt, and crushed stone pavements; construction of a shade structure/pavilion; construction of electrical improvements; and other Work indicated in the Contract Documents.

#### D. Project Timeline

1. Substantial Completion: May 16, 2025

Asphalt work is limited to  
patching along curb lines.

#### E. Bidding Procedure

1. Bid documents are available through Eastern Engineering's Plan Room: ([https://distribution.easternengineering.com/View/ViewJob.aspx?job\\_id=30412](https://distribution.easternengineering.com/View/ViewJob.aspx?job_id=30412)).
  - a. Pre-bid Meeting: Friday, October 4, 2024
  - b. Final Addendum Issued: Thursday, October 10, 2024
  - c. Bid Opening: Monday, October 14, 2024
2. All questions/requests for interpretation or clarification should be submitted in writing to REA no later than 12:00 pm EST, Wednesday, October 9, 2024.
3. Submit hardcopy bids in person to the Town of Cambridge City's Clerk's Office, 127 N. Foote St., Cambridge City, IN 47327 by 4:00 pm.
  - a. Bids will be publicly opened and read aloud at the Town Council meeting at 6:00 pm.

#### F. Bid Documents

1. Bid Form, Bid Form Supplements (Appendices A-F, including Informational Pricing), Contractor's Bid for Public Work - Form 96
2. Project is partially funded through a grant provided by the Indiana Office of Community and Rural Affairs (OCRA)
  - a. Refer to Federal Construction Contract Provisions in Division 00 for OCRA requirements
  - b. Refer to Appendix for current wage scale
    - i. This will be reissued with the first addendum.

**G. Schedule of Alternates**

1. Alternate 1: Additional Hardscape Improvements
2. Alternate 2: Additional hardscape & Lighting Improvements
3. Alternate 3: Seating Area

**H. Coordination**

1. Do not block or disturb access to adjacent fire station.
2. Concurrent Work:
  - a. Owner will perform installation of plant materials including trees, shrubs, and perennials.
    - i. The Contractor shall be responsible for furnishing and installing project turf, project soils, and mulch in areas designated as plant bed on the site keynote plans.

**I. Permitting**

1. Local Permits
2. CSGP depending on alternates selected.

**J. Questions**

**K. Adjournment**

DOCUMENT 00 4150  
**BID FORM SUPPLEMENTS**

This form must be submitted with the Bid along with a duplicate copy as requested in the Project Manual.

To: Town of Cambridge City  
127 N. Foote St.  
Cambridge City, Indiana 47327

Project: **FIRE STATION PARK**  
Project No. 2024-1759

Date: Monday, October 14, 2024

Submitted by: \_\_\_\_\_  
(Bidder - please print the full name of your Proprietorship, Partnership, or Corporation)

\_\_\_\_\_  
(full address)

In accordance with Specifications - Instructions to Bidders (AIA A701) we include the Bid Form Supplements Appendices listed below. The information provided shall be considered an integral part of the Bid Form.

These Appendices are as follows:

- Appendix A **Receipt of Addenda/Project Completion:** If applicable, acknowledge receipt of all Addenda and fill in or acknowledge Completion Time/Project Schedule.
- Appendix B **Informational Pricing:** When used, include pricing for items requested.
- Appendix C **Alternatives:** When used, include the Cost variation to the Bid Price applicable to the Work described in the Contract Documents.
- Appendix D **Principal Subcontractors:** When used, include the names of all Primary Subcontractors and the portions of the Work they will perform.
- Appendix E **Supplementary General Construction Information:** When used, include the names of all manufactures (or fabricators) of materials, applications, and specialties and the portions of the Work they will perform.
- Appendix F **Unit Prices:** When used, include a listing of unit prices specifically requested by the Contract Documents to add or remove scope to the Work.

## SUBMITTAL SCHEDULE OF APPENDICES

- a. All bidders shall submit with their Bid the following Appendices:  
APPENDIX A – Receipt of Addenda/Project Completion  
APPENDIX B – Alternatives  
APPENDIX C – Principal Subcontractors  
APPENDIX D – Supplementary General Construction Information  
APPENDIX E – Unit Prices

## BID FORM SUPPLEMENTS SIGNATURE(S)

\_\_\_\_\_  
(Bidder - please print the full name of your Proprietorship, Partnership, or Corporation)

\_\_\_\_\_  
(Authorized signing officer)

\_\_\_\_\_  
(Title of Person Signing)

## ACKNOWLEDGEMENT

(Title) (Name of Organization)

statements contained in the foregoing Bid Form Supplements are true and correct.

Subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

\_\_\_\_\_  
Notary Public

My Commission Expires: \_\_\_\_\_

County of Residence: \_\_\_\_\_

## APPENDIX A - RECEIPT OF ADDENDA/PROJECT COMPLETION

### 1. ADDENDA

The Bidder acknowledges receipt of the following Addenda:

Addendum No. \_\_\_\_\_ Dated \_\_\_\_\_

Addendum No. \_\_\_\_\_ Dated \_\_\_\_\_

Addendum No. \_\_\_\_\_ Dated \_\_\_\_\_

Addendum No. \_\_\_\_\_ Dated \_\_\_\_\_

Addendum No. \_\_\_\_\_ Dated \_\_\_\_\_

### 2. PROJECT COMPLETION

If this Bid is accepted, we will:

Commence on-site work on the \_\_\_\_\_ day of \_\_\_\_\_ 2024,

Substantially Complete the Work of by **May 16, 2025**.

## APPENDIX B – INFORMATIONAL PRICING

For the Owner's internal budgeting purposes, the price of the work associated with the performance canopy, including all lighting, structural steel, roofing, foundations, and incidentals is:

\$ \_\_\_\_\_

## APPENDIX C - ALTERNATES

The following amounts shall be added to or deducted from the Base Bid Sum. Refer to Section 01 29 00 - Payment Procedures and 01 23 00 - Alternates.

### Alternate No. 1: Additional Hardscape Improvements

- a) Base Bid: No improvements within the Alternate 1 area.
- b) Alternate: Provide all work associated with the additional hardscape, including but not limited to: earthwork, concrete pavements, concrete curb, painted striping, bike racks, and other incidentals per the Alternate 1 area indicated in the drawings and specifications.

(Add) (Deduct) \_\_\_\_\_,  
\$ \_\_\_\_\_

### Alternate No. 2: Additional Hardscape & Lighting Improvements

- a) Base Bid: No improvements within the Alternate 2 area.
- b) Alternate: Provide all work associated with the additional hardscape and lighting, including but not limited to: earthwork and grading, concrete pavements, concrete curb, painted striping, turf, electrical, lighting, and other incidentals per the Alternate 2 area indicated in the drawings and specifications.

(Add) (Deduct) \_\_\_\_\_,  
\$ \_\_\_\_\_

### Alternate No. 3: Seating Area

- a) Base Bid: No improvements within the Alternate 3 area.
- b) Alternate: Provide all work associated with the seating area, including but not limited to: earthwork and grading, concrete, crushed limestone paving, lighting, and other incidentals per the drawings and specifications.

(Add) (Deduct) \_\_\_\_\_,  
\$ \_\_\_\_\_

#### APPENDIX D - PRINCIPAL SUBCONTRACTORS

A. The following Work will be performed (or provided) by subcontractors and their performance of the Work will be coordinated by us:

B. The Bidder will make no changes to this list after submission, without a written request by the bidder and approval by the Owner.

WORK SUBJECT	SUBCONTRACTOR
Earthwork/Excavation	
Concrete Paving	
Concrete Paving Joint Sealants	
Asphalt Paving	
Painted Striping	
Crushed Limestone Pavement	
Landscaping	
Pavilion Installation	

**APPENDIX E – SUPPLEMENTARY GENERAL CONSTRUCTION INFORMATION**

- A. The following Work will be performed (or provided) by subcontractors and their performance of the Work will be coordinated by us:
- B. We submit the following list of manufactures (or fabricators) of materials, applications, and specialties. All such materials, appliances, and specialties to be of such characteristics, design and construction will meet the requirements of the Construction Documents. The Bidder will make no changes to this list after submission, without a written request by the bidder and approval by the Owner.

ITEM	SUBCONTRACTOR	MANUFACTURER/ SUPPLIER
Pavilion Structure		

**APPENDIX F - UNIT PRICES**

The following are Unit Prices for specific portions of the Work as listed, and are applicable to authorized variations from the Contract Documents. Refer to Section 01 2900 - Payment Procedures and Section 01 2200 - Unit Prices.

ITEM OF WORK	UNIT OF MESUREMENT	UNIT VALUE
Concrete Pavement, 5 inch; complete system per detail 2/Sheet LA501.	SFT	\$
Integral Curb & Walk; complete system per detail 4/Sheet LA501.	SFT	\$

"General Decision Number: IN20240006 10/04/2024

Superseded General Decision Number: IN20230006

State: Indiana

Construction Types: Heavy and Highway

Counties: Adams, Allen, Bartholomew, Benton, Blackford, Boone, Brown, Carroll, Cass, Clark, Clay, Clinton, Crawford, Daviess, Dearborn, Decatur, DeKalb, Delaware, Dubois, Elkhart, Fayette, Floyd, Fountain, Franklin, Fulton, Gibson, Grant, Greene, Hamilton, Hancock, Harrison, Hendricks, Henry, Howard, Huntington, Jackson, Jasper, Jay, Jefferson, Jennings, Johnson, Knox, Kosciusko, Lagrange, Lawrence, Madison, Marion, Marshall, Martin, Miami, Monroe, Montgomery, Morgan, Newton, Noble, Ohio, Orange, Owen, Parke, Perry, Pike, Posey, Pulaski, Putnam, Randolph, Ripley, Rush, Scott, Shelby, Spencer, Starke, Steuben, Sullivan, Switzerland, Tippecanoe, Tipton, Union, Vanderburgh, Vermillion, Vigo, Wabash, Warren, Warrick, Washington, Wayne, Wells, White and Whitley Counties in Indiana.

\* EXCEPT LAKE, LAPORTE, PORTER AND ST. JOSEPH COUNTIES HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	<ul style="list-style-type: none"><li>. Executive Order 14026 generally applies to the contract.</li><li>. The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.</li></ul>
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	<ul style="list-style-type: none"><li>. Executive Order 13658 generally applies to the contract.</li><li>. The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.</li></ul>

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Air compressors in manifold with throttle valve; Asphalt plant engineer; Auto grade or similar type machine; Auto patrol; Backhoe or farm-type tractor, 45 hp and over; Ballast regulator (RR); Bituminous mixer; Bituminous paver; Bituminous plant engineer; Bulldozer; Caisson drilling machine; Cherry picker, 15 ton or over; Chip spreader; Concrete mixer 21 cu. ft. or over; Core drilling machine; Crane or derrick with any attachment (including clamshell, dragline, shovel, backhoe, etc.); Dredge engineer; Dredge operator; Drilling machine on which the drill is an integral part; Earth mover, rubber-tired (paddle wheel, 616, 631, TS-24 or similar type); Earth mover, rubber-tired, tandem (\$0.50 per hour additional for each bowl); Elevating grader; Fork lift, 10 ton or over; P.C.C. formless paver post driver; Highlift shovel, 1 1/2 cu. yd. or over; Hoist, 2 drums and over; Helicopter, crew; Hydraulic boom truck; keystone, skimmer scoop; Loader, self-propelled (belt, chain, wheel); Locomotive operator; Mechanic; Mucking machine; Panel board concrete plant, central mix type; Paver, Hetherington; Pile driver, skid or crawler; Road paving mixer; Rock breaking plant; Rock crushing plant, portable; Roller (asphalt, waterbound macadam, bituminous macadam, brick surface); Roller with dozer blade; Root rake, tractor-mounted; Self-propelled widener; Stump remover, tractor-mounted; Surface heater and planer; Tandem push tractor (\$0.50 per hour additional); Tractor, boom; Winch or hoe head; Tractor, push; Tractor with scoop; Tractor-mounted spreader; Tree mover; Trench machine, over 24""; Tug boat operator; Well drilling machine; Winch truck with A-frame

GROUP 2: Air compressor with throttle valve or clever brooks-type combination; Backfiller; Backhoe on farm-type tractor, under 45 hp; Bull float; Cherry picker under 15 ton; Chip spreader, self-propelled; Concrete pump; Concrete mesh depressor, independently operated; Concrete spreader, power-driven; End loader under 1 1/2 cu. yd.; Excavating loader, portable; Finishing machine and bull float; Gunite machine; Head greaser; Mesh or steel placer; Multiple tamping machine (RR); P.C.C. concrete belt placer; Pull grader, power control; Refrigerating machine, freezing operation; Ross carrier; Sheepfoot roller (self-propelled); Tamper (multiple vibrating, asphalt, waterbound macadam, bituminous macadam, brick surface); Trench machine, 24"" and under; Tube float; Welder

GROUP 3: Assistant plant engineer; Base paver (Jersey or similar type machine); Concrete finishing machine; Concrete mixer, less than 21 cu. ft.; Curb machine; Farm tractor, including farm tractor with all attachments except backhoe and including high lift end loaders of 1 cu. yd. capacity or less; Fire tender on boiler; Hoist, 1 drum; Operator, 5 pieces of minor equipment; Paving breaker; Power broom, self-propelled; Roller, earth and sub-base material; Slurry seal machine; Spike machine (RR); Tamper (multiple vibrating, earth and sub-base material); Throttle valve and fire tender combination on horizontal or upright boiler; Tractaire with drill; Tractor, 50 h.p. or over; Well point system; Widener, APSCO or similar type

GROUP 4: Air compressor; Assistant to engineer, oiler; Automatic dry batch plant; Bituminous distributor; Bituminous patching tamper; Belt spreader; Broom and belt machine; Chair cart, self-propelled; Coleman-type screen; Conveyor, portable; Digger post hole, power-driven; Fork lift, under 10 ton; Form grader; Form tamper, motor-driven; Generator; Hetherington driver; Hydra seeder; Operator, 1 through 4 pieces of minor equipment; Outboard or inboard motor boat; Power curing spraying machine; Power saw, concrete, power-driven; Pug mill; Pull broom, power-type; Seaman tiller; Straw blower or brush mulcher; Striping machine paint, motor-driven; Sub grader; Tractaire, tractor, below 50 h.p.; Truck crane oiler, driver; Spreader; Water pump; Welding machine, 2 of 300 amps or over

#### POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Air compressors in manifold with throttle valve; Asphalt plant engineer; Auto grade or similar type machine; Auto patrol; Automatic Sub-Grade; Backhoe or farm type tractor, 45 hp and over; Ballast regulator (RR); Barrier Wall Machine; Batch Plants (Concrete & Asphalt); Bituminous mixer; Bituminous paver; Bituminous plant engineer; Boring Machine; Bulldozer; Caisson drilling machine; Cherry picker, 15 ton or over; Chip spreader; Concrete mixer, 21 cu. ft. or over; Concrete Belt Placer; Concrete Paver; Concrete Pump (Truck Mounted); Concrete Saw (track mounted); Concrete Spreader (power driven); Core drilling machine; Crane or derrick with any attachment (including clamshell, dragline, shovel, backhoe, etc.); Curb Machine; Gutter Machine; Dredge engineer; Dredge operator; Drilling machine on which the drill is an integral part; Earthmover, rubber-tired (paddle wheel, 616, 631, TS-24 or similar type); Earthmover, rubber-tired, tandem (.50 per hr. additional for each bowl); Elevating Grader; Forklift (10 ton or over); P.C.C. Formless Paver; Gradall; Gravel Processing Plant (portable); Operator of Guard Rail Post Driver; Highlift Shovel 1-1/2 cu.yd. or over) Frame; Hoist (2 drum & over); Helicopter crew; Hydraulic boom truck; Hydraulic Excavator; Loaded-Self propelled (belt chain wheel); Laser Screed; Locomotive operator; Mechanic; Mucking machine; P.C.C. Concrete Belt Placer; Panel board concrete plant (central mix type); Paver (Hetherington); Pavement Breaker; Pile driver, skid or crawler; Road paving mixer; Rock breaking plant; Rock crushing plant (portable); Roller (asphalt, waterbound macadam, bituminous macadam, brick surface); Roller with dozer blade; Road Widener; Root rake (tractor-mounted); Roto Mill Grinder; Self-propelled widener; Stump remover; Surface heater and planer; Tandem push tractor (\$0.50 per hour additional); Tractor, boom; Winch or hoe head; Tractor (push); Tractor with scoop; Tractor-mounted spreader; Tree mover; Trench machine, over 24"; Tug boat operator; Well drilling machine; Widener (Apsco or similar type); Winch truck with A-frame

GROUP 2: Air compressor with throttle valve or Clever Brooks type combination; Backfiller; Farm type tractor (under 45 H.P.); Cherry picker under 15 ton; Chip spreader (self-propelled); Concrete pump (trailer type); Concrete mesh depressor, independently operated; End loader under 1 1/2 cu. yd.; Excavating loader (portable); Finishing machine and bull float; Gunite machine; Hydraulic Power unit; Head greaser; Mesh or steel placer; Multiple tamping backhoe on machine (RR); Bull float (bidwell Machine); Refrigerating machine-operation; Ross Carrier; Sheepfoot roller (self-propelled); Tamper-Multiple Vibrating (Asphalt, Waterbound, Macadam, Bituminous Macadam, Brick Surface); Trench machine (24" and under); Tube float; Water Pull/Wagon; Welder

GROUP 3: Plant engineer; Base paver (Jersey or similar type machine); Concrete finishing machine; Concrete mixer, less than 21 cu. ft.; Curb machine; Farm tractor, including farm tractor with all attachments except backhoe and including high lift end loaders of 1 cu. yd. capacity or less; Fireman, on boiler; Hoist, 1 drum; Operator, 3-5 pieces of minor equipment; Paving breaker; Power broom, self-propelled; Roller, earth and sub-base material; Power Saw-Concrete (Power Driven); Slurry seal machine; Spike machine (RR); Sub-surface Material Distributor; Tamper (multiple vibrating, earth and sub-base material); Throttle valve; Throttle Valve and fireman combination on horizontal or upright boiler; Tractaire with drill; Well Point

GROUP 4: Air compressor; Assistant to engineer, oiler; Bituminous patching tamper; Belt spreader; Broom and belt machine; Chair cart, self-propelled; Coleman-type screen; Conveyor, portable; Deck-hand Digger post hole, power-driven; Forklift, under 10 ton; Form grader; Form tamper, motor-driven; Generator; Hetherington driver; Hydra seeder; Mechanic heater; Operator, 2 pieces of minor equipment; Outboard or inboard motor boat; Power curing spraying machine; Pug mill; Pull broom, power type; Seaman

tiller; Skid steer loader over 3/4 cu. yd.; Straw blower or brush mulcher; Striping machine paint, motor-driven; Sub-grader; Tractaire; Tractor, below 50 h.p.; Truck crane oiler; Spreader; Water pump

GROUP 5: Skid steer loader under 3/4 cu. yds

#### TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Single/batches axle straight trucks; Batch trucks, wet or dry 3 (34E) axle or less; Single axle Grease and maintenance truck

GROUP 2: Single axle fuel and water trucks

GROUP 3: Single axle ""dog-legs"", and tandem truck or dog-legs; Winch trucks or A-frames when used for transportation purposes; Drivers on batch trucks, wet or dry over 3 (34E) batches and tandem axle grease and maintenance truck

GROUP 4: Tandem axle fuel trucks; tandem axle water trucks; butuminous distributors (two-man)

GROUP 5: Tandem trucks over 15 tons payload; Single axle semi trucks; Farm tractors hauling material; Mixer trucks (all types); Trucks pulling tilt-top trailer single axle; Single axle low- boys; Truck-mounted pavement breakers

GROUP 6: Tandem trucks or ""dog-legs""; Semi-water Truck; Sprinkler Truck; Heavy equipment-type water wagons, 5,000 gallons and under; butuminous distributors (one-man)

GROUP 7: Tri-axle trucks; Tandem axle semi trucks; Equipment when not self-loaded or pusher loaded, such as Koehring or similar dumpsters, track trucks, Euclid bottom dump and hug bottom dump, tournatrailers, tournarockers, Acey wagons or for similar equipment (12 cu yds or less); Mobile mixer truck; Tandem Axle trucks pulling tilt-top trailer; Tandem - Axle lowboy; Tri- Axle batch Truck; Tri-Axle grease and maintenance truck

GROUP 8: Tandem-tandem semi trucks; Truck mechanics and welders; Heavy equipment-type water wagon over 5,000 gallons; Tri-Axle Trucks pulling tilt-top trailer; Low-boys, tandem-tandem axle

GROUP 9: Low-boys, tandem tri-axle; Acey wagons up to and including 3 buckets; Equipment when not self-loaded or pusher loaded, such as koehring or similar dumpsters, Track Trucks, Euclid bottom dump and hug bottom dump, Tournatrailers, Tournarockers, Acey wagons or for similar equipment (over 12 cu yds.)

GROUP 10: Pick-up trucks

GROUP 11: Helpers; Greasers; Tire men; Batch board tenders; Warehouseman

GROUP 12: Acey wagon (over 3 buckets); Quad Axle Trucks; Articulating Dump

-----  
WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====  
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### State Adopted Rate Identifiers

Classifications listed under the ""SA"" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

-----

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION"

Light Fixture Schedule								
Type	Manufacturer	Model No.	Lamp Type	Voltage	Mounting	Description	Illustration (See Note 1)	Notes
'C1'	Ligman	UJE-95111-39w-VW-W40-xx-120/277v-DIM	LED / 4000K	120	Pendant (Bottom of fixture to be field adjusted to be flush with the wood louvers. Refer to "L" series sheets for elevations and sections)	Cylindrical LED pendant downlight. Aluminum housing (marine grade) with clear glass lens. Color/finish selection by Architect. Wet location listed.		5,7
'S1'	ALUZ HAPCO	A5-ZOZO-STN-24"-27K-GSF-1W RSA-12-B-4-4-**-1/Eye Bolt (11" AFG)-1/Pole Cap-1/Spun Base Cover-1/GFCI (10" AFG) qty. 2 RSA-12-B-4-4-**-1/Eye Bolt (11" AFG)-1/Pole Cap-1/Spun Base Cover qty. 2	Dimmable (GSF) LED / 2700K	120	Pole (12') String / Cantenary	Exterior grade string/cantenary lighting. Socket spacing 24" O.C. Lengths (approximate) shown on site electrical plans. Verify with Owner if extra length is desired to provide "sag" between anchor points prior to ordering. Wet location listed. Type 18-8 stainless steel wire rope support. Poles by Hapco, Hapco Engineers to properly size pole.		6,7
'S2'	LIGMAN	UAR-20992-W-W40	LED /4000K	120	Pole	LED floodlight integrated with pole/housing. Adjustable heads. Wide flood distribution. Finish/color selection by Architect.		2
'T1'	WE-EF	FLC131 LED RAIL66 - 146-0531	LED / 4000K	120	Surface Stage Canopy	LED floodlight with aluminum housing. Knuckle mount. Narrow flood distribution. Finish/color selection by Architect.		5,7
<b>Notes:</b> 1. Pictures are shown as a visual aid <u>only</u> and may not depict specific attributes listed in this schedule. 2. Coordinate tilt/aiming of luminaire(s) in the field with Architect. 3. 0-10V LED dimming driver. Provide Manufacturer approved compatible dimmer where applicable (refer to lighting plans for dimmer location[s]). 4. ELV reverse phase dimming. Provide Manufacturer approved compatible dimmer where applicable (refer to lighting plans for dimmer location[s]). 5. Coordinate with ceiling and/or wall structure prior to rough-in and adjust as necessary to avoid installation conflicts. 6. Provide all connections as required by the Manufacturer. Verify exact quantities of all system components prior to ordering. Install all system components per Manufacturer's requirements. 7. Provide Manufacturer approved compatible dimmer where applicable (refer to lighting plans for dimmer location[s]).
