RE: Addendum #2 to Contract Book
Tulip Tree Drive Rehabilitation
From CR 25E to CR 350S

The Specifications have been modified. Item #17 has been added and states:

INDOT Standard Specification 306.02, Line 27 has been modified:

The milled material shall become the property of Gibson County. The Contractor shall transport the milled material to CR 225W and stockpile the material along CR 225W, beginning at CR 450S and continuing south. The County may request the milled material to be transported to other locations of equivalent distance. Gibson County will place the millings in their final location.

A copy of page SP-7 with this new specification is attached.

If you have additional questions, please contact us via email, steven.passey@ucindy.com.

Sincerely,
UNITED CONSULTING

Steven Passey, PE
Senior Project Manager
